Sexual abuse

Prajwal ARRESTED

Forensics team to collect voice samples to match with pen drive audio; sleuths mull potency test

Bengaluru, May 31 (Agencies)- Suspended JD(S) MP Prajwal Revanna, facing allegations of sexually abusing several women, was interrogated after the Special Investigation Team (SIT) arrested him as soon as he landed at the Kempegowda International Airport in Bengaluru in the wee hours of May 31.

The 33-year-old MP, who arrived from Munich, was taken to the CID Headquarters at Carlton House on Palace Road for interrogation. He was put through preliminary questioning.

Prajwal flew business class on a Lufthansa flight (LH746) from Munich, which departed at 3.58 pm (IST) on Thursday and landed at Kempegowda International Airport's Terminal 2 at 12.53 am.

Dressed in a grey jacket hoodie, track pants and sneakers, Prajwal was escorted out of the Airport by Police officials including five women Police officers and a Superintendent of

Police at around 1.10 am.

Another Police team confiscated two of his check-in bags and took them away in a separate car. A large number of Policemen were deployed at the Airport to ensure he was taken safely for investigation. According to officials, Police escorted him through a different exit at the Airport, keeping in mind his security.

First detained by immigration officials

He was first detained by immigration officials and Central Industrial Security Force (CISF) at the Airport and was handed over to the SIT. Police set up decoys at separate entrances and barricaded the main one. Curious onlookers gathered as the MP walked out of the Airport.

After the formalities, the SIT took him under its custody, sources said. The SIT is also contemplating a potency test on Prajwal. A medical test will be conducted, and Prajwal has to be produced before a magistrate within 24 hours.

All-women Cop team
execute Prajwal's arrest warrant

Women Police were led by IPS Officers Suman D. Pennekar and Mysuru SP Seema Latkar

Bengaluru, May 31 (Agencies)- In a strategic move to send a subtle message, a team of Women Police personnel, led by women IPS Officers, executed the arrest warrant against Prajwal Revanna in the sexual assault cases. On his arrival from Munich to Bengaluru, he was met by female officers, according to SIT sources.

During the procedure of executing the arrest warrant, he was flanked by the Women Police who were led by two IPS Officers, Suman D. Pennekar and Mysuru SP Seema Latkar. The Hassan MP was then taken in a jeep in which only women Police were there. They took him to the CID office.

"It was a conscious call to send all women officers to arrest Prajwal, sending home a message that the JD(S) leader exploited his seat and power as an MP with women. The same women have the authority to arrest him through all legal proceedings," SIT sources said.

"This whole episode itself is around so many women. Naturally, SIT would have thought to put only women to arrest him (Prajwal Revanna) and take charge of legal proceedings to send out a message to women that 'we are there with you'," Home Minister Dr. G. Parameshwar commented on a team of women officers arresting Prajwal Revanna.

Bengaluru, May 31 (KMS & VNS)- Following a massive protest from BJP workers and mounting pressure from Opposition party leaders, Chief Minister Siddaramaiah has reportedly instructed Tribal Welfare Minister B. Nagendra to tender his resignation from the Cabinet.

Nagendra

This comes in the wake of allegations involving Nagendra in the Rs. 94 crore scam reported in the Karnataka Maharshi Valmiki Scheduled Tribes Development Corporation Limited.

EDITOR'S BOTTOMLINE

It is a matter of concern that India is losing a lot of its farmland tree cover when there is the need to increase the vegetation. A study published in the journal *Nature Sustainability* ***has said that millions of trees have disappeared from India's farmlands in the last decade. The study, based on satellite imagery, has found that India may have lost about 5.6 million full-grown trees in agricultural lands between 2018 and 2022, and some regions lost up to half of their large trees between 2010 and 2018.***

What should cause particular concern is that the trees which were lost were big, with large crowns and with lifespans of even centuries like the neem. Some reasons for the death of trees were wild fires, drought, fungus and insect infestation. Climate change was also a factor. But changes in cultivation practices and expansion of farming were the main reasons. Many farmers removed the trees because they would not benefit from them and wanted to increase the crop yield. There is the need for concerted action to save the trees and to educate the farmers on the benefits of retaining and expanding tree cover. Trees provide fruits, fuelwood, sap, medicine, fibre, fodder and wood for animal and human use. They also help soil fertilisation and the cover they provide as a whole is a shield against climate change.

Steps should be taken to ensure that large numbers of such trees are not cut down. Usually, farmers are aware of what is good for them and would not disturb nature. They need to be educated on the wider benefits of conserving the trees. The report has made it clear that the findings of the study did not contradict official accounts that the tree cover in India has increased in recent years.

It has recorded only gross losses and did not consider tree gains as a separate class. The study did not include block plantations with low ecological value and counted only big trees with large crowns. The findings are conservative. The official accounts of increase in forest area are usually controversial. Even if new trees were planted and the forest area increased, they would not have made up for the loss of old and large trees on such a large scale. *—In Deccan Herald*

Should I use a toner in summer?

During summer, our skin tends to produce a lot of oil that might clog open pores. It leads to acne and breakouts. Hence, using toners in your daily skincare routine is a must. This can tighten and minimise open pores after a gentle and purifying cleanse.

Pourakarmikas refuse segregated garbage in Ramakrishnanagar

Sir,

This has reference to the news item titled ***'MCC gets tough: Segregate waste to avoid penalty'*** published in *SOM* dated May 30. In this connection, I wish to bring the following facts for the information of the MCC and needful action at their end.

The door-to-door garbage collection in our area (Ramakrishnanagar G Block) is good. The Pourakarmikas, though not maintaining timings, are collecting garbage daily. Till 3-4 months back, the residents were segregating the dry and wet garbage separately and handing it over to the garbage staff.

However, we were told that we need not segregate the garbage and give only one bin containing wet and dry garbage; even the segregated garbage that we give is mixed and poured into the vehicle.

In this connection, I request the MCC Commissioner and the official concerned to give clear instructions to the Pourakarmikas about this segregation, as otherwise, things will get worse and it would be difficult to set things right.

I also request the MCC to educate residents by conducting seminars/meetings at all wards. It is essential to install CCTV cameras at vulnerable spots. I hope the MCC will take suitable action in the matter.

Youth murdered over petty issue: Body found in Varuna Canal

Accused youths surrender before Mysuru South Police

Mysuru, May 31 (MTY&KS)- A youth was allegedly murdered over petty issue and the killers had thrown the body into Varuna Canal at Mavinahalli village in Jayapura hobli here on Tuesday night. Old enmity is said to be the cause for the murder.

The deceased youth is Raghavendra (33), son of late Boraiah and a resident of Mavinahalli village. Two youths of the same village had allegedly murdered Raghavendra in drunken stupor and threw the body to Varuna Canal passing from J.P. Nagar to Dadadahalli village.

Raghavendra, who was staying with his mother Puttamma, was working as a labourer and about 4 months back, he had fought with the two youths over consuming liquor. The issue had reached the Police Station which ended in a compromise.

On May 28 night, when Raghavendra was at home, the two youths took him out and murdered him besides throwing the body to Varuna Canal.

The two youths, fearing Police action, came to Mysuru South Police Station and surrendered themselves Wednesday afternoon. Based on the information provided by the two accused, the Police took them to the canal where the Cops found the body of Raghavendra.

The Police then summoned the relatives of Raghavendra to the spot, where they identified the body as that of Raghavendra, following which the Police conducted mahazar, fished out the body from the canal and shifted it to MMC&RI mortuary for post-mortem.

Mysuru South Police, who have registered a case in this regard, are investigating.

Miscreant assaults woman with knife after barging into house

Mysuru, May 31 (KS)- A miscreant, who barged into a house in Mandi Mohalla, assaulted the woman in the house with a knife before escaping from the house.

The woman, who was assaulted and undergoing treatment at a private hospital in city, is 19-year-old Lotika, wife of Ajay Marak, natives of Tripura.

Ajay and Lotika's was a love marriage and the couple, who came to Mysuru six months ago, had taken a room on rent in Mandi Mohalla and were residing there. While Ajay was serving as a Juice Master at a restaurant near Five Lights Circle, Lotika was working at a hotel in Bamboo Bazar.

On May 27 at about 2 pm, Ajay called his wife over the phone but the call went unanswered. But at about 2.43 pm, Ajay received a call from his wife's mobile phone and a stranger who spoke told him that he had found the mobile phone on the road and asked Ajay to collect it. Ajay, who collected his wife's mobile phone from the stranger on the road adjacent to his room, went to the room to see his wife only to find the door latched from outside.

When Ajay opened the latch and entered the room, he found his wife lying in a pool of blood. When he enquired with his wife, she is said to have told him that a stranger barged into the room and tried to outrage her modesty, but when she resisted, the stranger assaulted her brutally with a knife and fled away.

Based on the complaint, NR Police, who have registered a case, are investigating.

Eight techies' laptops stolen

Mysuru, May 31 (BS)- Adding to the increasing cases of laptops theft at Paying Guest (PG) accommodations and rented houses in the city, eight software engineers have lost equal number of laptops in a day on May 25.

The incidents have been reported from PG accommodations at Hebbal Industrial Area and a rented house on 8th Cross in Hebbal First Stage and another on 5th Cross near Madegowda Circle in the same locality.

Samanth, Lingesh and Gottam Mahendar, the software engineers at L&T Company, have been staying at Room No. 6 at a PG in Hebbal Industrial Area.

They had gone to sleep after working on laptop on the night of May 24. Lingesh, who woke up in the morning at 5.40 am on May 25, went out and returned after a while at 6.20 am, only to find that their laptops were stolen.

A Police Officer expressed concern over the growing tendency among techies, being nonchalant, keeping the door open, while stepping out of the house, that has come in handy for the thieves. Awareness is being created among the employees of various companies in Hebbal Industrial Area and PG inmates, but still they prefer to hit the bed, keeping the door unlocked, leading to laptops theft, the Police Officer added.

On May 28 at about 5 pm, Manu was boarding the bus at the platform where buses to Suttur depart, during which a miscreant snatched the mobile phone he was holding and fled from the spot.

Following a tip off, Metagalli Police, who intercepted the truck (KA-06-AA-7227) near Royal Inn Junction on KRS Road, inspected the truck and found 33 cows inside which were being transported illegally.

When the Cops were inspecting the truck, the driver and another person fled from the spot leaving the truck behind. The Police have shifted the rescued cows to Pinjrapole at the foot of Chamundi Hill besides registering a case.

Sexual abuse: Prajwal arrested

MP Prajwal Revanna seen exiting the aircraft and then escorted by Police personnel.

(Continued from page 1)

The forensic team will collect Prajwal Revanna's voice samples to match his voice with the voice recorded in the sleaze videos stored in pen drives. The SIT plans to seek the Court's permission to interrogate him over several days about the leaked videos, the individuals involved and the motives behind the sexual assaults.

Last-ditch attempt

Before reaching Bengaluru from Munich, the Hassan MP had made a last attempt to avoid arrest and had moved the Court seeking bail. Prajwal faces three sexual abuse cases, while his mother has sought anticipatory bail in an alleged kidnapping case. Though Bhavani is not an accused in the case, SIT has reportedly desired to investigate her role. In the same case, Bhavani's husband and Holenarasipura MLA H.D. Revanna, who is former Prime Minister H.D. Deve Gowda's son, was arrested and later released on bail. He is also accused of sexually harassing the cook of his house, who was also sexually abused by his son Prajwal.

Prajwal left for Germany on Apr. 27, a day after Hassan went to the polls. A 'Blue Corner Notice' seeking information on his whereabouts was issued by Interpol earlier, following a request by the SIT via Central Bureau of Investigation.

The MP, terming the cases against him as false and alleging political conspiracy, had said in a video statement issued earlier this week that he had gone into depression. He had also filed an anticipatory bail plea at the Principal City and Sessions Court for Elected Representatives on May 29, which issued a notice to SIT to file objections, before posting the hearing for today.

A timeline

Bengaluru, May 31 (Agencies)- The Special Investigation Team (SIT) has booked cases against Hassan JD(S) MP Prajwal Revanna under IPC Sections 376 (2) N (committing rape repeatedly on same woman), 506 (criminal intimidation), 354 (A) (1) (behaving in unwelcome way, explicit sexual behaviour, demanding sexual favours), 354 (B) (using criminal force on woman) and 354 (C) (voyeurism, capturing image of a woman in a private act without her consent) and Under Sections of the Information Technology Act.

MP demands special cell at CID Office; says ready to face law

Bengaluru, May 31 (Agencies)- After his detention, Hassan MP Prajwal Revanna was taken to the CID Headquarters at Carlton House on Palace Road. According to sources, Prajwal demanded to be housed in a special cell in the headquarters and cited his privileges as an MP but the Police denied his plea and lodged him in a regular cell without any additional amenities.

Prajwal's advocate G. Arun said, "He (Prajwal Revanna) has come to Bengaluru to come before the SIT and give his co-operation for interrogation purposes. Yesterday, he was held at the immigration centre which is right as per the procedure. The reason why he has come is to cooperate with the investigation."

In his first response after coming to India, Prajwal said that he is ready to face the law. Prajwal's lawyer Arun spoke to reporters this morning after meeting him in the custody and said, "Prajwal told me that he is back to India as he needs to stand by his words. He is ready to face the law. He also requested the press not to do a media trial as the allegations are yet to be proven."

Cases against Prajwal Revanna

First case: Registered at the Holenarasipura Town Police Station in Hassan on Apr. 28. JD(S) MP Prajwal is accused of sexually harassing a 47-year-old former maid. His father, Holenarasipura MLA HD Revanna, is accused number 1.

Second case: Filed by the Criminal Investigation Department (CID) on May 1, following allegations from a 44-year-old member of the Hassan Zilla Panchayat that Prajwal had repeatedly raped her.

Third case: Registered at Bengaluru's Cyber Crime Police Station on May 8. A woman in her sixties alleged that Prajwal raped her and his father H.D. Revanna plotted her kidnapping.

Do not accept non-segregated wet, dry waste from houses

(Continued from page 1)

MCC Commissioner Dr. N.N. Madhu directed the officials to ensure that door-to-door garbage collectors to accept only segregated waste and dump it into separate containers in the vehicles accordingly.

Each vehicle is equipped with three containers for wet waste, dry waste and medical waste, which must be filled correctly. Waste can no longer be dumped at the Sewage Farm in Vidyaranyapuram as the plant is closed to clear 20 years of accumulated waste, she said and indicated that waste can be dumped at Rayanakere and Kesare plants.

Construction waste must be disposed at the designated CA Site 05, located in Hanchya-Sathagalli 'A Zone' opposite the KSRTC Bus Depot, Sathagalli, she added.

Ward Development Officers and Environment Engineers will have information about buildings being demolished in their respective jurisdictions. "They must visit the demolition site and monitor where the waste is being dumped to ensure that it is not disposed in unauthorised places," Dr. N.N. Madhu stated.

It is learnt that at about 9 pm yesterday, wordy duel ensued between Arbaz and his friends over petty issue following which Arbaz's friends left the spot only to return later with a knife. They allegedly stabbed Arbaz to death and fled from the spot.

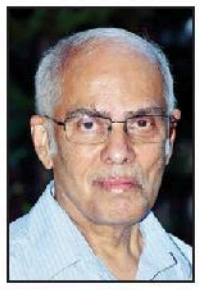
Udayagiri Inspector Sudhakar and staff, who rushed to the spot, conducted mahazar, registered a case and shifted the body to MMC&RI mortuary for post-mortem, which was conducted this morning and the body was handed over to the family members.

Udayagiri Police, who have registered a case, have launched a hunt to nab the accused.

Disposing Mountain of stinking solid waste in city

Doubts about chosen contractor's competence

By Bhamy V. Shenoy



Bhamy Shenoy

Mysureans must have been relieved and happy to read the news that Mysuru City Corporation (MCC) will finally solve the stinking problem in Vidyaranyapuram. MCC has awarded a contract to handle Municipal Solid Waste (MSW) of 6.0 lakh tons accumulated over several years for Rs. 62 crore. When I learnt from newspapers that the contract has been awarded to an Andhra-based company, I was surprised and even shocked. And the readers will also be shocked after reading this article.

Mysore Grahakara Parishat (MGP) has been following the development of this project ever since Mysuru-Kodagu MP Prathap Simha had invited **Zigma** to suggest ways to solve the garbage problem. Zigma had made an impressive presentation of their successful projects to stakeholders. They were even close to securing the contract after completing all formalities.

Zigma had considerable experience in biomining to clear the legacy (solid) waste and restore the land to original position with zero residue. Unlike many waste handling companies, Zigma does bio-remediation to convert most of the biodegradable material waste to manure. Their specially designed machinery is able to segregate MSW into different categories.

One of the aggregates, which is segregated, is combustible fraction. It consists of low value/ non-recyclable plastics, cloth, bags, polyester materials, tyres, rubber and wood. It is converted into refuse-derived fuel (RDF). It is used by Cement Plants to be used as alternate fuel (as a replacement to coal). In some Plants it is used as 'Waste to Energy' to incinerate and produce energy. In their process there is nothing left for landfill and they completely restore land.

They had successfully carried out restoring MSW landfill sites in Kumbakonam, Noida, Tirupati, Pallavaram, Karaikudi etc., and are currently working at Vadodara, Nagpur, Guwahati, Visakhapatnam, Erode, Kollam, Puducherry etc. In several of them, Zigma has to process more than 10 lakh tons of MSW.

Curious to know why such a company like Zigma lost, I called Nagesh Prabhu, Director of Zigma, to learn about their failure to win the contract. First he corrected me to state it is not Andhra-based company, but D.H. Patel Company from Surat which has won the bid. He added that **it is not easy to deal with Karnataka Government** and he has no desire to follow up.

According to him, the winner of the tender has no experience of handling this kind of projects. Since he is a grieved party, I decided to learn more about D.H. Patel and searched the internet. To my shock, I found out that M/s D.H. Patel has not listed even one project of handling MSW on their website *(http://www.kinsfolkgroup.com/dhpatel.html)*

I asked MLA T.S. Srivatsa (KR Constituency) if he is familiar with the background of D.H. Patel. When I told him what I have learnt from the website that D.H. Patel has no experience in handling MSW, he was also surprised. He shared the file which gave details of how D.H. Patel was selected and agreed to inquire about D.H. Patel. There were four companies which had participated in the tender — M/s D.H. Patel, M/s Zigma Environ Solutions Pvt. Ltd, M/s Jathin Infra Pvt. Ltd. and M/s Aadarsh Bharat Enviro Pvt. Ltd.

Zigma was dropped because they failed to upload details of their vehicles.

M/s Jathin was dropped because they did not provide document giving their capacity to convert waste to energy and M/s Aadarsh was dropped because they failed to upload several documents like Waste to Energy, registration of vehicles and projects undertaken.

While it was possible to learn about Zigma and D.H. Patel by accessing their websites, I could not get access to any information on other two bidders.

Above process of rejecting tenders specially in the case of Zigma raises two questions. Even a cursory glance would have showed that Zigma is highly qualified. Why was their tender rejected on a flimsy ground of not uploading vehicle registration? Concerned staff could have asked for it.

Also tender rules require calling tender again if there is only one party participating. Why did the tender committee fail to follow this rule when only D.H. Patel was left after rejecting other three bidders?

Luckily for Mysuru, one of the grieved parties M/s Jathin has filed a court case asking to stay the work order on Mar. 28, 2024. I have not succeeded in getting any update despite asking several high level officials connected with this process. Now that the High Court has not given a stay, my attempt to find out the status of the contract from officials did not find any result.

As can be surmised from the above brief summary of the process of giving contract to a company with doubtful capabilities, Mysuru will lose chance of its legacy waste being cleared in time to qualify for a better rank on Swachh Survekshan.

We the people of Mysuru should write to Dr. G.C. Prakash, Regional Commissioner of Mysuru, who is also the Administrator of MCC, urging him to take a look at the tender awarded to Mr. Hardik Bhikhabhai Khunt (M/s D.H. Patel) without waiting for the Court to decide.

MCC need to move quickly to bring a fully qualified company to clear the landfill at Vidyaranyapuram. Otherwise we will end up spending Rs. 62 crore without solving the stinking problem as K.B. Ganapathy reminded us yesterday in his *Abracadabra* about the past experience with the Raja Marga work and the multi-level vehicle parking project in the Town Hall premises.

Now I learn that the **final authority** to approve this 'technical bid', the State High Power Committee (SHPC), has given its approval. So this work will go to the successful bidder M/s D.H. Patel. The MCC Administrator may request the SHPC to review its earlier decision for reasons mentioned here.

South Teachers Constituency

Congress and JD(S) candidates accuse each other of distributing money and liquor

Congress candidate Marithibbegowda speaking during interaction of candidates for Legislative Council polls from South Teachers seat, at Pathrakarthara Bhavan this morning as (from left) MDJA Ad-Hoc Committee member B.S. Prabhurajan, BSP candidate A.R. Mahesh, Kannada Chaluvali Vatal Paksha candidate Vatal Nagaraj, independent candidate K.C. Puttasiddashetty and JD(S) spokesman N.R. Ravichandre Gowda look on.

Mysuru, May 31 (BLU&DM)- The media interaction of the candidates of Legislative Council polls from South Teachers Constituency, organised by the Mysuru District Journalists Association (MDJA) at its premises on Thyagraja Road this morning, turned out to be a platform for the candidates, especially those of the Congress and NDA, to trade charges against each other.

Interacting with the media, **Kannada Chaluvali Vatal Paksha leader and former MLA Vatal Nagaraj,** who is also in the fray, claimed that candidates of the prominent parties had paid crores of rupees for getting tickets to contest the South Teachers Constituency polls.

Alleging that the candidates of the two prominent parties (Congress and BJP-JD(S) coalition NDA) were paying up to Rs. 5,000 for every voter of the Constituency, he said that such payments amounts to over Rs. 10 crore, with the Constituency having about 21,000 voters.

Charging that the candidates were engaged in distributing gift articles apart from money, he said that such acts of allurements have only contaminated the spirit and ambience of Teachers Constituency. But the teachers should shun from accepting money and gifts and exercise their franchise in accordance with their conscience, he argued.

Congress candidate and former MLC Marithibbegowda alleged that his rival candidate K. Vivekananda of the NDA, was engaged in distribution of money and gift articles to teachers. Highlighting his achievements as an MLC from South Teachers Constituency for four successive terms spanning 24 years, he lamented that the Constituency seems to have got contaminated with the distribution of money and Liquor by his NDA rival.

Bahujan Samaj Party (BSP) candidate A.R. Mahesh said that this election is all about money, liquor and gift articles as candidates of national parties were engaged in distributing them among the voters and spending lavishly for winning somehow.

Claiming that the two candidates were hosting parties at different places every day as the poll draws near, he maintained that such acts of candidates is a blot on democracy and belittle the teaching fraternity, who have been taken for granted by the candidates of the two national parties.

Independent candidate and former MLC K.C. Puttasiddashetty charged that the Congress candidate Marithibbegowda who had represented the Constituency for four successive terms, had done nothing for the welfare of teachers.

Contending that Chief Minister Siddaramaiah was not interested in allocating much funds for the education sector, Shetty said that Post-Graduates and highly qualified teachers, who are fed up of not getting jobs, have been selling flowers and doing odd jobs to eke out a living.

He further said that the JD(S), which is an NDA partner, has given ticket to a realtor and businessman who knows nothing about the teachers welfare and their problems and issues bothering them.

JD(S) State Spokesman N.R. Ravichandregowda, who represented NDA candidate K. Vivekananda, refuted Marithibbegowda's allegations.

CM instructs Nagendra to resign?

(Continued from page 1)

In a related development, the Union Bank of India, through which the money was allegedly transferred, has filed a complaint with the Central Bureau of Investigation (CBI).

In a press release, the Bank stated that it had promptly declared the transactions in question as fraudulent when the irregularities came to light. Additionally, three branch officials have been placed under suspension pending further inquiry.

With the CBI now involved, CM Siddaramaiah was in discussion with Home Minister Dr. G. Parameshwar at his home office, Krishna, to deliberate on the issue and the future course of action at the time of going to the press.

It is almost certain that Minister Nagendra might face a CBI inquiry, and his resignation in this context could save the State Government from further embarrassment.

It may be recalled that Corporation Accounts Superintendent P. Chandrashekaran, in a death note purportedly written by him, had named Minister Nagendra, accusing him of giving oral instructions for the transfer of funds to the tune of Rs. 94 crore to various accounts.

Relaxing with family at a resort

Bengaluru, May 31 (VNS)- After taking part in hectic election campaigns and meetings for the Lok Sabha and Legislative Council Polls and having faced a severe stress owing to the alleged sex scandal involving his nephew and suspended JD(S) Hassan MP Prajwal Revanna, former Chief Minister and JD(S) State President H.D. "Akka Mahadevi, symbol of women's independence, is still relevant"

Silver Jubilee fete of Kadali Mahila Vedike

Mysuru, May 31 (PM&TRR)- "Akka Mahadevi, the 12th century social reformer, who was a symbol of women's independence, is still relevant, being the representative of modern-age women and the symbol of conscious and rational thinking," opined retired Vice-Chancellor of Karnataka Sanskrit University Dr. Padma Shekar.

She was speaking after inaugurating the Silver Jubilee celebrations of city's Kadali Mahila Vedike and Akka Mahadevi Jayanti jointly organised by District and City Units of Akhila Bharata Sharana Sahitya Parishat and Kadali Mahila Vedike at Navajyothi auditorium, JSS Women's College, Saraswathipuram in the city recently.

"In the entire Sharana movement, Akka remains the tallest spiritual leader after Allama Prabhu. Her tale of rising to great heights after initial setbacks is always inspiring for us," said the retired VC.

Observing that 12th century gave a new dimension to spiritualism in our State, Dr. Padma Shekar said that "Sharana literary movement though basically focused on devotion and spreading of religion, the highlight of this movement was its intention to bring in social reforms and using devotion for the welfare of the people and converting it to become pro-people."

Sharanas expressed the language of religion which was till then a hard nut to crack for the common man, in a simple dialect which can be understood by everyone. They propagated the concept of a casteless society and considered everyone irrespective of caste, profession and gender as equal and respected all professions, which ignited a new light in the lives of the lower strata communities who were in majority, added Dr. Padma Shekar.

Sharanas gave separate identity for women and equality which inspired confidence in them, she concluded.

Thinker and educationist Dr. Gururaj Karajagi, who spoke on 'Akkana Adhyatmika Mattu Anubhaavada Darshana,' said that the revolutions brought in by the Sharanas were extraordinary. There have been several revolutions across the globe earlier also, like revolution in the field of education and social revolution.

"But Sharana movement created revolution which included everything like cultural, social and economical and for the first time in the world that, such an all inclusive revolution happened in our State. Even today, it has not been possible for us to bring in total equality in society. Akka Mahadevi achieved this 900 years ago which was her major contribution to the entire world," added Dr. Gururaja Karajagi.

Suttur Mutt Seer Sri Shivarathri Deshikendra Swamiji, former VC of Karnataka Samskrit University Dr. Padma Shekar, President of Akhila Bharata Sharana Sahitya Parishat Dr. C. Somashekar, Thinker Dr. Gururaja Karajagi, Mysuru City Sharana Sahitya Parishat President M.G. Sadanandaiah, District President Helavarahundi Siddappa and others seen at Akka Mahadevi Jayanti celebrations in Mysuru recently.

Door-to-door campaign planned

Kadali Mahila Vedike, which came into existence on May 7, 2000, has completed 24 years and is on the cusp of its 25th year. To mark the Silver Jubilee Year, the Vedike has organised a programme 'Sharaneyara Aagamana' and carry out a door-to-door campaign. Apart from organising various programmes throughout the Silver Jubilee year, the Vedike will publish a book about Akka Mahadevi which depicts the life of Akka with photographs," said Sharada Shivalingaswamy, President, Kadali Mahila Vedike, Mysuru. Suttur Seer Sri Shivarathri Deshikendra Swamiji graced the function. State Convenor of Kadali Mahila Vedike Susheela Somashekar, Akhila Bharata Sharana Sahitya Parishat President Dr. C. Somashekar, District President Dr. Helavarahundi Siddappa, City President M.G. Sadanandaiah and others were present.

Srilalitha Uliyaru's 501st Harikatha programme

Harikatha popularised Ramayana, Mahabharata: Scholar Vyasanakere Prabhanjanacharya

Mysuru, May 31 (TRR)- Veteran scholar Vyasanakere Prabhanjanacharya has opined that the Harikatha medium which is on the verge of extinction should be preserved, continued and developed further.

Srilalitha Uliyaru

He was speaking after inaugurating 501st Classical Harikatha rendition of Srilalitha Uliyaru, a Harikatha exponent and a resident of Mysuru. The function was organised at Sri Raghavendra Aradhana auditorium, Krishnamurthypuram in the city recently.

Lauding the achievement of Srilalitha Uliyaru who showed her fascination for Harikatha when she was a two-year-old kid and for presenting her 501st programme in the city, Prabhanjanacharya advised her to do more study and research in Harikathas and reach greater heights with purity of language.

Scholar Vyasanakere Prabhanjanacharya inaugurating 501st classical Harikatha rendition of Srilalitha Uliyaru at Sri Raghavendra Aradhana Auditorium, Krishnamurthypuram in city recently as Hon. Secretary of Vijaya Vittala Educational Institutions R. Vasudev Bhat, senior journalist Amshi Prasanna Kumar and others look on.

"Harikatha spreads awareness about our epics like Ramayana, Mahabharatha and others among the rural folk and the illiterates. In rural areas, elders used to settle disputes delivering judgements based on the instances derived from Ramayana and Mahabharata. Sculptor Arun Yogiraj carves Nandi idol for Amarnath Cave Temple

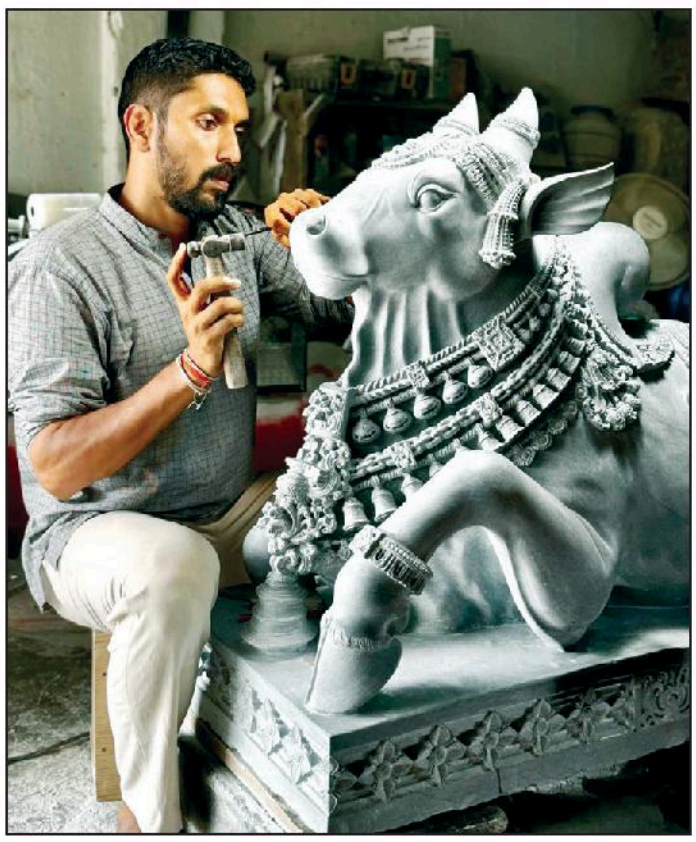
- The idol is three-feet tall and four-feet wide, with intricate carvings
- Shri Amarnathji Shrine Board ropes in Arun for the task
- Vehicle carrying the Nandi idol left Mysuru city on May 29
- Krishna Shile (black schist stone) weighing 1.5 tonnes sourced from Harohalli-Gujjegowdanapura, H.D. Kote taluk, Mysuru District
- Similar stone used to carve Balak Ram Idol of Ayodhya Sri Ram Mandir



"I worked on Nandi idol for the past two months, which has come out magnificently well. My father and grandfather had the credit of doing similar carvings, which inspired me to carve the idol now. The vehicle carrying the idol has left for Srinagar in Jammu and Kashmir on Wednesday (May 29) evening and is expected to reach the destination in 10 days. The Shri Amarnathji Shrine Board has invited me for the consecration ceremony."

— Sculptor Arun Yogiraj

Mysuru, May 31 (GA&BS)- Sculptor Arun Yogiraj of the city, whose deft hands crafted Balak Ram idol installed at Ayodhya Sri Ram Mandir, has created yet another idol to marvel at, in the form of Nandi, the vehicle of Lord Shiva in *puranas*.

The three-feet tall and four-feet wide Nandi idol made of *Krishna Shile* (black schist stone), to be installed in front of Amarnath Cave Temple in Jammu and Kashmir was sculpted by Arun in a short span of two months. A vehicle carrying the idol left the city on May 29 evening and is likely to be installed in front of snow-capped idol of Lord Shiva at the end of June this year.

Amarnath yatra pilgrimage is popular among devote Hindus, who visit the shrine every year between the months of June and August. With the installation of Nandi idol, the shrine is expected to witness a surge in the footfall of devotees this year.

Arun, who shot to fame with back-to-back sculpting of the idol of Adi Shankaracharya installed at Kedarnath, followed by that of freedom fighter Subhas Chandra Bose installed in New Delhi and Balak Ram idol at Ayodhya Sri Ram Mandir, was roped in for the task of carving Nandi idol by Shri Amarnathji Shrine Board.

Like the idol of Balak Ram, the black schist stone weighing 1.5 tonnes, used for carving Nandi idol was also sourced from Harohalli-Gujjegowdanapura in H.D. Kote taluk, Mysuru district. The idol can withstand challenging weather conditions and the glint is likely to remain intact even during chilly weather conditions covered by mist.

ABOUT THE IDOL

The attention to details by Arun is evident with intricate carvings, with the designs of a rope, string of jingling bells and anklets adorning the neck of Nandi idol, with a huge bell in hanging formation in the front. A holy carving made on the back of the Nandi is another attraction, that makes the work distinctly apart from others.

'Not involved in making D. Devaraj Urs statue'

Sculptor Arun Yogiraj has clarified that he is not involved in the work on carving the statue of former Chief Minster D. Devaraj Urs, proposed to be installed in front of new district offices complex at Siddarthanagar in city.

Referring to a report published in *Star of Mysore*, Arun said "Neither the District Administration nor the Foundation involved in the making of the statue came with the proposal to me. Hence, I am not associated with the project."

A native of Savakanapalya, Gundlupet, he has put in 32 years of service in the Department.

Additional Commissioner Dr. Sujithkumar P. Sompure, Doddarangappa, M. Yogendra, Vijaya Bellary, Ashok Kanchibail, Avinash, Arun, Chandru, Nandakishore, Eswar N. Deshpande, Sabhapati Hegde and Ravindra were present.

WORD OF THE DAY

Obstreperous

Pronunciation: ub-STREP-uh-rus (Adjective)
Meaning: Obstreperous is a formal word that describes people or things that stubbornly resist control; in this use it's a synonym of unruly. A person or thing described as obstreperous may also be defiantly or aggressively noisy.
Origin: Imagine walking a dog down a sidewalk in a neighbourhood full of delicious smells and other temptations—it's easy to picture your pooch barking and straining at the leash to chase a squirrel, or dragging you toward something enticingly (to them) stinky, right? But can you imagine saying to your doggo in response, "Quit being so obstreperous!" Probably not. Obstreperous has a much more formal flair than words, such as stubborn or unruly, used to describe similar behaviour. As such it's unlikely to be used in casual speech or contexts like the one above. The word comes from a combination of the handy Latin prefix ob- (meaning "against") and strepere, a verb meaning "to make a noise"; someone who is obstreperous can be thought of as literally making noise to rebel against something, much like a protesting crowd or an unruly child. Strepere has made little noise in the English lexicon, however; in addition to obstreperous it seems only to have contributed to the rarely encountered strepitous and its synonym strepitant, which mean "characterized or accompanied by much noise"—that is, "noisy."
Example: In 1887 essay 'Silent People as Misjudged by the Noisy,' an Atlantic contributor proposed an economical approach to talking: 'As we get on in life past the period of obstreperous youth, we incline to talk less and write less, especially on the topics which we have most at heart,' the writer noted. 'We are beginning to realise the uselessness of perpetually talking ... If there is a thing to be said, we prefer to wait and say it only when and where it will hit something or somebody.'" — Isabel Fattal, The Atlantic, 17 Feb. 2024

THE ODD WORD

Taradiddle

A small lie.

PHRASE OF THE DAY

Spine Tingling

Meaning: The phrase 'Spine tingling' is used in a moment when you feel frightened and excited at the same time.
Origin: This phrase is believed to have originated from action movies in the early the 80's.
Example: "Seeing my son take that dive in the pool was one of those spine-tingling moments."

QUOTE BOX

Stay away from those people who try to disparage your ambitions. Small minds will always do that, but great minds will give you a feeling that you can become great too. **—Mark Twain**
